

Computer Club

Dear Students and Families,

Have you ever wanted to stay after school just to play games and show your creativity on the computer? Then come join me, Miss. Westman, for this year's after school Computer Club!

We will be taking on many new activities, and working with different programs this year. We will explore making your own websites, playing different types of computer as well as video games, and even creating your own games all on the computer! We will work with different computer and iPad applications to examine all the possibilities available.

This club is all about technology, and more importantly, having fun! We will meet once a week on Wednesdays from 3:00 - 4:00, and the club will be open to all **fifth and sixth grade students**. This club is on a first come, first serve basis. The first session for the fall will begin October 17th and end December 12th.

If your child is interested in participating, please complete the permission slip below, and return it back to me no later than October 5th. Our first meeting will be held on October 17th, and we will meet in the media center in front of the computer lab. Feel free to contact me with any questions.

Thank you!

-Miss. Westman :)

My child _____ would like to participate in computer club, and has my permission to do so. I understand this is an after school activity that will meet once a week. I also understand I will need to pick up my child each day the club is held at promptly 4:00.
